CREATIVE AND TECHNICAL DTP | PHOTOSHOP | WEBSITE MANAGEMENT | SOCIAL MEDIA

## Getting to know me

I'm well-rounded, interested in many things, quick to pick up new technology and trends, and like to share my knowledge. I like a challenge, and am solutions oriented. Prefer to work in a team, but can work on my own just as well.

I work with what's available, make the most of it, and create beautiful things. I like to structure and to order.

I'm looking for a varied job, in a creative environment. Where I can show off my skills, will be challenged to surpass myself, and to keep developing.

creativity  
grows out of 2 things  
curiosity  
and  
imagination
